POSITION: Project Manager – Limited Energy Systems

Big State Electric, Ltd. • Full-time • Houston, Texas, United States

Role Description

Big State Electric is seeking an experienced Limited Energy Project Manager to support our Limited Energy and Security operations. The ideal candidate will have experience managing commercial low-voltage projects including structured cabling, electronic security, audiovisual, and related limited energy systems.

About Big State Electric, Ltd.

Established in 1966, Big State Electric, Ltd. is a respected name in the construction industry, known for delivering top-quality electrical installations built on expert workmanship and reliability. We focus on providing unparalleled service, safety, and professionalism. Leveraging advanced technologies such as Safety Systems, BIM, and AutoCAD, we offer comprehensive in-house services including engineering, preconstruction, fire alarm systems, automation, and more. With extensive experience in diverse commercial electrical applications such as hospitals, educational facilities, and industrial environments, we are committed to excellence and innovation in every project. Big State Electric upholds a legacy of strong values and ethical business practices while driving forward with contemporary innovations.

Responsibilities

- Manage projects from turnover through completion and closeout.
- Coordinate manpower, material, subcontractors, schedules, and project documentation.
- Review drawings, specifications, submittals, RFIs, and change orders.
- Track project budgets, labor, procurement, and overall financial performance.
- Coordinate with customers, general contractors, engineers, vendors, and field leadership.
- Support forecasting, billing, scheduling, and project reporting.
- Ensure projects meet quality, safety, schedule, and contractual requirements.

Required Experience

- Commercial Limited Energy / Low-Voltage project management experience.
- Strong knowledge of structured cabling and related technology systems.
- Ability to read construction drawings and specifications.
- Experience managing labor, schedules, budgets, and project documentation.
- Strong communication, organization, and customer-facing skills.

Preferred Qualifications

- BICSI RTPM or RCDD
